RIOT IN SEOUL.

Seoul, Korea, Jan. 25.—A dangerous riot broke out here yesterday from an accidental cause. There was an accident on the American street railway, in which a Korean was killed. The native populace, which retains the prejudice against the American innovation of rapid transit that caused them to wreck cars when the line was started a few years ago, immediately began rioting to avenge the death of their countrymen. The riot was promptly quelled by the guards of the various foreign legations, which have lately been reinforced in anticipation of trouble under the disturbed situation.

In the meantime the Korean soldiers and police took occasion to loot the houses of wealthy natives at Pyenzang.

Mr. Warner was manager of the People's Ice Works here for some time. Mrs. Lounsbury obtained a divorce from her husband in this city. The news of the death of the lady came to Sam McKeague, an old friend of Mr. Wagner.

FRAME FITTING

Much really depends upon the proper fit of the spectacle frame, and yet, strange to say, few recognize this fact, and consequently understand but little about it.

To derive the greatest amount of good from the lenses, the frame MUST fit perfectly, both face and nose. Attention to LITTLE things—after all, the GREAT things—helps make our work right. We fit frames to the face as carefully as we do lenses to the eyes.
